

A DOLLAR A DAY TO HELP HUNDREDS OUT OF POVERTY

Sapna and her husband struggled to meet the needs of their seven children in their small village in India. Empowered Poor helped her with micro loan to buy a milk producing cow. Today, Sapna's successful milk business is helping her family thrive and rise above poverty. You can read more about Sapna and many other stories about how we are helping people who are caught up in unaffordable poverty without a way out. Go to our website to learn more: www.EmpoweredPoor.org

Every day, Empowered Poor receives several requests from people like Sapna who are in desperate need to provide for their families' basic needs. A little help from you can make a huge difference in changing lives of hundreds of needy families to have a hopeful future.

Did you know that 1.3 billion people in the world live on less than \$1 a day! We are asking you to consider giving just one dollar a day (\$30 per month) for one year in order to help desperate families out of poverty. Your \$1 has a power to transform lives of countless people living in poverty.

CONSIDER THESE FACTS ABOUT THE POWER OF A DOLLAR A DAY!

If 100 people donate just \$1 a day (\$30/month) for one year, it will help 200 poor and marginalized families receive micro-loans to start income generating businesses in order to meet the basic needs of their family, educate their children, and rise above poverty. As loans are paid back, they will be recycled into new loans and the 200 will become 400 and 400 will become 600 and so on... Each dollar you give will continue to multiply and help alleviate poverty.

You can become a Partner with Empowered Poor to change someone's life by giving just \$1 a day.
